

Unit 6.2 - Planning of Integrated FSM Systems

Christoph Lüthi: Dr. Christoph Lüthi is an urban infrastructure planner with over 20 years of experience in planning and design of urban infrastructure in middle and low-income countries. He has a Master's Degree in Urban Development Planning from the University College of London (UCL), and a PhD in Urban Planning & Engineering from the TU Berlin. He has worked on urban planning and infrastructure issues in Kenya, Uganda, Tanzania, Egypt, Mauritania, Senegal, India, Vietnam and Nepal. After working for several years as a consultant on urban development projects in Africa and Asia, he joined Sandec as Leader of the Strategic Environmental Sanitation Planning Group. At Sandec he works on state-of-the-art planning tools and frameworks such as Sanitation 21 or CLUES: Community-Led Urban Environmental Sanitation. Since 2015 he heads the Department for Sanitation, Water and Solid Waste for Development (Sandec).
